EDUCATION

Master of Science GPA: 3.91	University of Massachusetts Amherst Sustainability Science	Sept. 2015 – May 2017 Focus: Sustainability Education
Bachelor of Science GPA: 3.35	University of Massachusetts Amherst Science & Environmental Science	Sept. 2011 – May 2015 Minors: Education, IT

EXPERIENCE

United States Environmental Protection Agency, Office of Air and Radiation
Environmental Policy Analyst Sept. 2019 – Present

Led project teams for a website redesign, a "Power Plants and Neighboring Communities" tool, and a Progress Report redesign saving \$100,000+ annually. Reviewed and administered Climate Pollution Reduction Grants. Managed contracts and approved budgets across multiple EPA programs. Regulatory liaison for high-priority Clean Air Act rulemakings.

United States Environmental Protection Agency, Office of Water
ORISE Research Fellow Sept. 2017 – Sept. 2019

Developed public education and outreach programs on water quality, wetlands, and coral reef conservation. Produced progress reports and data products for agency leadership. Reviewed environmental education grant applications. Contributed to development of "How's My Waterway," a national public-facing water quality data application.

Environmental Defense Fund Climate Corps
Sustainable Jersey Fellow May 2017 – Aug. 2017

Secured grants for Howell Township energy improvements including EV charging stations, solar/LED school crosswalk infrastructure, and LED lighting replacements, enrolling three schools in a conservation program with potential savings of 225,000 kWh annually.

University of Massachusetts Residential Life
Sustainability Coordinator for Residential Life Aug. 2015 – May 2017

Managed zero waste and sustainability programming across 52 residence halls serving 13,000+ students. Launched the university's first residential composting program, diverting 10,000+ lbs. of food waste from landfill.

Town of Amherst Recycling & Refuse Management Committee
Committee Member & Secretary Apr. 2016 – Apr. 2017

Collaborated with businesses and waste haulers to advance waste reduction measures. Secured endorsements for a plastic bag ban passed with a 78% margin at the Amherst Town Meeting.

The Repair Association
Digital Right to Repair MA Intern Jan. 2016 – June 2016

Advocated for e-waste reduction legislation in the Massachusetts Statehouse, gaining experience navigating state environmental policy and regulatory processes.
